

Find Care Mobile Tool to Replace DocGPS Mobile App

Did you know? The new and improved **UHCMilitaryWest.com** site is mobile friendly, including the ***Find Care*** search tool. Users can quickly and easily find a doctor or health care facility in their area from any desktop or mobile device.

Simply visit UHCMilitaryWest.com on your mobile device. You can find an urgent or convenience care clinic by entering your zip code directly from the home page. Otherwise, select ***Find Care*** to begin your search for a doctor, health care facility or military treatment facility. This eliminates the need to download and manage a mobile app on your phone or tablet.

Beginning May 1, 2017, the DocGPS mobile app will be retired and users will be directed to the ***Find Care*** search tool. UHCMilitaryWest.com and the ***Find Care*** tool are accessible no matter where you are!
